Mr. David Proskey,
Little Falls, N. J.

Dear Proskey:-

I would like to come out to see you some day before long, if you will allow me to study some of your Indian coins. Frank Liveright also wants to go and try to deplete your stock. Do you care about seeing people on Sunday and is any day during the week better than another? Let me know and I will try to arrange a date with Liveright and we will blow in upon you some time.

Very truly yours,

Curator
